Money Tracker

Do you ever wonder where all your money goes? For 60 days, carry a Money Tracker with you and track where you spend your money. At the end of 60 days, you'll have a clear idea of just where those extra dollars could be hiding. In the future, you can use funds you currently fritter away to increase savings, pay off bills, or buy something special.

DATE / ITEM	COST
Example: 3/5 Lunch at work	$5.87

When this Money Tracker is full, transfer to a Monthly Tracking form and start another Money Tracker.
